

Sana Vera

100% Natural Skin Wound Healing Spray

Suitable for poultry

Topical spray

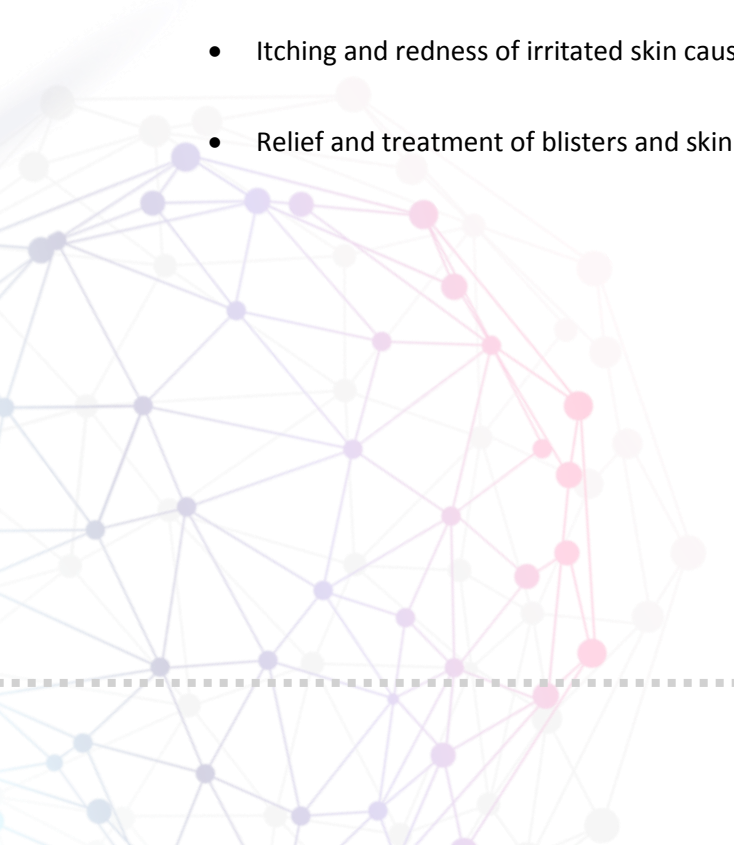

Ingredients:

- Calendula officinalis Extract
- Aloe vera Extract
- Propolis Extract

Mechanism of action:

Sana Vera is a 100% natural spray that heals all kinds of wounds and skin inflammations in poultry. The main ingredients of this product include extracts of Calendula, Aloe vera and Propolis. These compounds have broad anti-inflammatory, antibacterial, antifungal, and antioxidant properties, and by enhancing the immune system, stimulating collagen synthesis and increasing epithelialization, wound contraction, and forming granulation tissue, they speed up the wound healing process.
